Introduction to Spectrum English

Spectrum English has been designed to achieve all educational aims holistically. The primary aim of the series is the communicative competence of the children in the English language, in not just reading and writing but also in speaking and listening. However, it is equally important that children also develop *healthy, positive* and *constructive mindset* and *healthy, productive* and *endearing habits*. To be competent is not enough in the practical life. One must also be professionally reliable, physically and mentally healthy, nice as a person and socially responsible.
