# SPECTRUM ISLAMIC STUDIES

Spectrum Islamic Studies academic series is based on an integrated Islamiat curriculum of the Federal Ministry of Education (Government of Pakistan) and the Cambridge O Level.

The series is like a blooming anthology of knowledge for school students. It comprises teachings from the Qur'an, Hadith, Islamic history, culture and civilization and other gems.

The lessons have been prepared in consideration of the developmental stages of the children and their proficiency and capability. These efforts provoke in the pupils a firm belief in the Supremacy of Allah, devotion to His Beloved Prophet ﷺ, the desire to acquire Islamic knowledge and adoption of Islamic lifestyle.

Under the guidance of qualified teachers and educationists, useful practical activities have been added with each lesson to expand mental horizons of the pupils.

It is our aim to provide meaningful education that would develop talent with confidence, knowledge and Islamic moral norms. We welcome scholars, intellectuals, experts, educationists, parents and even students to offer concrete suggestions to improve the outcomes.

“Imparting Islamic education to children and to enable them to grow up as true Muslims in today's modern society offers great challenge to us. Spectrum Publishers deserves a good deal of appreciation for taking an initiative to cope with this challenge in the form of its present contribution entitled 'Spectrum Islamic Studies'.

*It was a wonderful experience to review Spectrum Islamic Studies. I have found this series as a comprehensive and coherent Islamiat course that incorporates the true spirit of the teachings of Islam in a way that caters to the learning needs of the targeted students. The language of the text is simple and the style of presentation is appealing to the young mind.*

I am sure this series will be beneficial for the students, teachers, parents as well as general readers.

Moreover, the guiding icons have also been provided for getting to know the use of the tools. *All in all, Spectrum Islamic Studies is a remarkable effort and we hope it will serve as a milestone for future contributions in the domain of Islamic studies textbooks. May Allah accept this endeavour as a source of service to His Deen. Ameen! ”*

### GLORIOUS LIFESTYLE

A book of Islamic manners & morals

Shoib Sattar  
Dr. Saqib Muhammad Khan

Moral education of a little child is really a heavy task. The child's individual and social behaviour has to be trained from the very beginning. How much would it be worth for you to know that your child understands how to determine the right from the wrong? How much would it be worth for you to know that your kids can make the right choices when they are out with their friends? This book provides a series of such moral lessons in an attractive and interesting manner.

### A SHINY DAY

A book of Du'as for children

Dr. Saqib Muhammad Khan

A *Shiny Day* is a beautiful collection of the frequently used supplications of the Holy Prophet ﷺ. This book is a humble effort to inculcate love of the Holy Prophet ﷺ in the children's hearts and develop a habit of praising Allah at every turn in daily routine. Simple and story-like presentation of the book is not only interesting but also inciting for little kids. We hope, wish and pray to Allah to accept our endeavour and bless our young generation with the true spirit of Islam. Ameen!
